TR Viterie Italia Centrale successfully passes IATF 16949 audit

Stefano Pisoni, Managing Director (pictured left), TR VIC commented;

"I am pleased to report that Bureau Veritas audited TR VIC in April 2021, in accordance with the requirements of IATF 16949. The Bureau Veritas auditor certified that the Quality Management System of TR VIC has been found to be in accordance with the requirements of IATF 16949.

This was an intense 4-day audit, which involved detailed checks in all departments. The final report, issued by the auditor, declared only 2 minor non conformities. I am extremely proud of the way the whole team in TR VIC have performed, especially when we are already exceptionally busy meeting customers increased demands."

Andrew Nuttall, European Managing Director (pictured right), expressed his gratitude;

"Knowing how very busy the manufacturing location is and that all employees are working incredibly hard, so to accommodate a 4-day audit was a big ask. But as usual they did not fail the task, and in fact exceeded our expectations."
