TR Holland receives 100% delivery commendation sixth year in a row

May 2020

TR Fastenings has once again received recognition for its 100% delivery record from Signify (formerly Philips Lighting) for the sixth year running.

A 0% failure rate over a 12 month period is an impressive achievement as TR supplies over 400 lines of C-class products to Signify in Eindhoven, Holland, including screws, nuts, clips and plastic components. TR Holland has supplied into Philips since 2008, providing technical expertise for bespoke parts and establishing a strong and collaborative relationship over the years.

This year, due to the global COVID-19 crisis, the judging and award certification took place over Skype. Signify recognised the high performance of Hans Nijhof, Laurens Wekking and Jeanette ter Riet from the TR site in Oldenzaal, who continue to provide excellence in delivery services to customers.

Ron Vlutters, Managing Director of TR Holland, said: *“Our on-going commitment to provide exceptional services across our entire business remains as strong as ever. It has been a challenging time with priority given to the health and safety of our employees but we have adapted and reacted quickly to ensure delivery and services levels to our customers remains high. We are delighted that our hard work and dedication have been recognised for another year and I am very proud of the team.”*
