

UK Customer Logistics Support

TR Fastenings Ltd specialise in distributing and manufacturing standard and specialist industrial fasteners. Through our global operations, TR employs over 1,200 highly skilled and experienced people. Every colleague around the world is a valued member of the TR family who on a daily basis work together to deliver a high quality service for all our customers.

We are looking to grow our Logistics Support team.

The Role

Reporting to the UK Customer Logistics Manager, your role will be to support the TR locations in the maintenance of existing TR VMI systems and assist in the planning and installation of new VMI managed systems at new Customers and existing Customers.

Key duties include:

- Ensure compatibility surveys are carried out for proposed VMI Customers
- Assist in producing Cost models for new business
- Prepare & present service proposals for new VMI Customers
- Contribute to the Kingpin process
- Project Manage the logistical aspect of new VMI installations and major refits at existing Customers
- Assist in the installation of new VMI systems
- Provide input into Customer Logistics reviews
- Mentor location Logistics representatives
- Ensure all Customer concerns related to Logistics are investigated and any remedial or improvement opportunities identified are implemented
- Work with the locations to determine the best & most efficient van routings to service Customers
- Work with the locations to maximise efficiency of the VMI systems within KPI guidelines
- Monitor and publish KPI measurements for VMI Customers
- Work alongside the IT discipline to investigate and implement new technology.
- Ensure all health, safety & Environmental guidelines are implemented and followed at all times

The Candidate

The successful candidate will need to have excellent communication skills both verbal and written. Being a confident all-round team player is a must as is the ability to work to deadlines and think on your feet, whilst maintaining accuracy and a high attention to detail.

A driving license is required for the role as there will be a need to visit Customers and TR locations. A willingness to stay away occasionally will also be required.
