

Trifast plc

(Group or Company)

leading international specialist in the design, engineering, manufacture, and distribution of high-quality industrial fastenings and Category 'C' components principally to major global assembly industries

Amendment: Timing of Annual results release date

London, Tuesday 24 May 2022: The Board of Trifast plc (LSE Main market premium listing: symbol: TRI) wish to notify shareholders that it intends to release its Annual results for the year ended 31 March 2022 in the last week of July 2022, rather than on 21 June 2022, as previously advised. This is to allow the Company's auditors to complete physical audit work at the Company's Chinese operations, which was not possible in May, as originally planned, due to Shanghai's lockdown and wide-ranging Covid-19 restrictions. China represents less than 5% of Group revenue.

The Board's expectations for the Group's 2022 financial results are unchanged from those set out in the Trading update of 5 May 2022.

A Notice of results confirming the date of publication will be issued in due course.
