

UK Quality Manager

This is an exciting opportunity to build a rewarding career within a multinational plc who is a market leader in the manufacture and distribution of industrial fastenings.

We are looking to recruit a UK Quality Manager to join our established UK Management Team.

The Role

Reporting to the Managing Director, your role will be to:

- Provide support to the UK Location Quality Teams in their day to day work in each of the four areas of Quality work (Quality System; Customer Quality; Supplier Quality and; Product Quality);
- Provide an interface between the UK Location Quality Teams and the Group Quality team, ensuring that issues are escalated appropriately;
- Report on the performance of the UK Locations using the Integrated Business Planning (IBP) process and established KPI's
- Implement the Group Quality Strategy within the UK

This key position will ensure that we manage Quality risks within the UK operations and provide the training, support and development needed to empower the Location Quality Teams.

The Candidate

Experience of operational Quality, Quality Systems and Quality tools are essential, a qualification in Auditing would be advantageous.

You will be self-motivated, possess excellent communication skills both verbal and written to be able to communicate and build good relationships. You will also be able to work to deadlines and remain focused at all times and have excellent attention to detail.

You will be expected to travel regularly within the UK and outside the UK occasionally.

To Apply

If you are interested in this role or know of someone who might be, please contact Lydia Ball on 01825 747323 or email your CV to careers@trifast.com
