

Data Controller – Data Management Team

TR Fastenings Ltd specialise in distributing and manufacturing standard and specialist industrial fasteners. Through our global operations, TR employs over 1,200 highly skilled and experienced people. Every colleague around the world is a valued member of the TR family who on a daily basis work together to deliver a high quality service for all our customers.

TR Fastenings Ltd are looking to recruit a Data Controller on a 9-month fixed term contract, working for the Data Management Team, this role will be based at Bellbrook Park.

The Role

Reporting to Debbie Pember, UK Projects Manager, your role will be to provide data support to the Data Management Team.

Key tasks include:

- Inputting a wide range of critical data including product codes etc.
- Assisting with the maintenance of tribune data and Atlas tables
- Supporting the Data Management Team with the Atlas project
- Ensuring stock masters are up-to-date, accurate, standardised and maintained

The Candidate

The successful candidate will have a depth of experience working with excel and large sets of data, a proactive approach to work is essential along with a high level of attention to detail.

The successful candidate needs to have excellent communication skills together with a good telephone manner and be able to communicate at all levels. Being a good all round team player is a must as is the ability to work to deadlines and think on your feet. The successful candidate must be able to demonstrate flexibility in their approach and be able to prioritise and remain focused at all times.

To Apply
