

Quality Inspector

TR Fastenings Ltd specialise in distributing and manufacturing standard and specialist industrial fasteners. Through our global operations, TR employs over 1,200 highly skilled and experienced people. Every colleague around the world is a valued member of the TR family who on a daily basis work together to deliver a high-quality service for all our customers

We are looking to recruit a Quality Inspector to join our established team based at our Waterside Park location, supporting Automotive, Distribution, Electronics and General Industrial sales sectors.

The Role

Reporting to the Quality Manager your role will be to ensure the effective and efficient transition of product through Quality department, working alongside the Quality Team.

Key tasks include:

- Knowledge of the systems relevant to the quality processes and functions
- Knowledge of use of inspection equipment and instruments
- Understanding of drawings / standards / specification / statistical analysis
- Be able to communicate and report verbally or written in a clear and concise manner to both clients, suppliers and colleagues.
- Completion of 8D's and Root cause analysis etc.

The Candidate

Experience of working within a Quality role is essential along with fastener knowledge. You will be self-motivated, possess excellent communication skills both verbal and written to be able to communicate and build good relationships.

A good working knowledge of the 8 Discipline non-conformance process and documentation would be useful. You will also be able to work to deadlines, remain focused at all times and have excellent attention to detail.

We Offer:

- Onsite parking.
- Pension.
- Competitive salary.
- Life insurance.

To Apply
