

UK & Ireland Procurement Manager

TR Fastenings Ltd specialise in distributing and manufacturing standard and specialist industrial fasteners. Through our global operations, TR employs over 1,200 highly skilled and experienced people. Every colleague around the world is a valued member of the TR family who on a daily basis work together to deliver a high-quality service for all our customers

We are looking to recruit a UK & Ireland Procurement Manager to join our established UK & Ireland Management Team. The role can be based at any of our UK Locations.

The Role

Reporting to the Director of Operations, your role will be the effective running and development of all Procurement activities within the UK & Ireland. You will work proactively with all members of the UK management team, Group Supply Chain team, UK Finance Teams, UK & Ireland Sales team and Divisional Management teams, to set and achieve given targets and objectives.

Key Tasks Include:

- Monitor and report monthly the procurement activities within the UK and Ireland to UK Director of Operations in the agreed format.
- Ensuring all agreed daily, weekly and monthly task are carried out by the team and resolving any concerns where this is not happening.
- Ensure the stock holding for all sites are at agreed stock week levels, taking action where any site sits outside this target.
- Work closely with Supply Chain to ensure all non-performing vendors have an improvement plan in place.
- Ensure UK procurement structure and staffing numbers are sufficient to support current and future UK & Ireland business needs.
- Ensure ongoing training requirements are put in pace and carried out and ensure team have the relevant skills to carry out their roles.
- Ensure succession plans in place within full team.
- New business is implemented to agreed timescales and constantly review and improve NPI processes.
- Work closely with internal and external sales functions to ensure we get as accurate as possible forecasts from customers base, also work with these teams to minimise our write-downs ensuring we achieve agreed targets.
- To ensure the overall business is kept up to date with ongoing macro environments such as Supplier Lead-Times, Freight times, material fluctuations, energy surcharges.
- Ensure Stock ranges are developed in a structured & cohesive manner maximising the opportunity
- Work with Continuous Improvement Manager on minimising number of PO's raised whilst still maintaining agreed overall stock levels.
- Continue to develop & maintain the UK & Ireland market price structure

The Candidate

Experience of leading a procurement team is essential. You will be self-motivated, possess excellent communication skills both verbal and written with the ability to build effective working relationships.

The ideal candidate will have good negotiation skills, be able to problem solve, evaluate cost reduction programmes to ensure cost efficiencies, good at planning and implementing procurements strategies and demonstrate an ability to make quick business decisions.

To Apply
