

Who we are

At TR, part of Trifast plc, we're more than fasteners, we're the trusted partner behind some of the world's most advanced industries. As a global leader in the design, engineering, manufacture, and supply of fastenings and Category 'C' components, we deliver smart, efficient solutions that enhance performance across major assembly operations.

From Automotive to Smart Infrastructure and Medical Equipment, our focus on engineering excellence and streamlined supply keeps us at the forefront of progress.

We're looking for a driven and dynamic DLF Driver to contribute to our continued success on a global scale.

We are seeking a permanent DLF Driver to join our Logistics team at our National Distribution Centre in Walsall (WS2 8DQ).

This is a full-time position working Monday to Thursday from 06:00 to 16:00, with flexibility required to support operational needs.

The Role

Reporting to the Customer Logistics Team Leader, the DLF Driver plays a vital role in ensuring the smooth, efficient, and cost-effective operation of our Direct Line Feed (DLF) service.

The role involves driving a transit-type van to deliver goods to a variety of customer locations, ensuring compliance with traffic laws and maintaining high standards of vehicle safety and upkeep.

The position focuses on delivering excellent service, managing customer-site stock effectively, and supporting our DLF systems and solutions.

Success in the role requires strong communication skills, reliability, attention to detail, competent driving capabilities, and a collaborative approach to supporting both on-site customer operations and internal warehouse activities.

Key Tasks

- Act as the cover/relief driver for the DLF team, trained across a wide range of customer sites to provide support during holidays, absences, and operational peaks.
- Prepare the vehicle, carry out safety checks, and load goods securely prior to departure. Unload returned totes and packaging and complete post-use vehicle inspections.
- Deliver DLF customer orders efficiently and accurately, whether to goods-in areas or directly within customer production environments.
- Maintain TR's on-site customer solutions to agreed standards, ensuring our systems consistently represent the business professionally.
- Monitor and manage stock levels at customer locations, ensuring strict adherence to FIFO (First In, First Out) processes.
- Report any issues relating to Kanban systems to the appropriate contact.

DLF Driver

part of the Trifast plc Group

- Comply with all Health & Safety policies and requirements, both internally and when operating on customer sites.
- Provide operational support for DLF system upgrades, new business onboarding, and other logistical activities as required.
- Undertake training in warehouse picking operations to support the wider logistics function when needed.

The Candidate

We are seeking a service-driven individual with excellent attention to detail and strong verbal and written communication skills. The successful candidate will be self-motivated, physically capable, and able to perform effectively in a fast-paced environment while consistently meeting deadlines. Strong organisational skills, the ability to prioritise tasks, and a proactive approach to problem-solving are essential.

As the DLF Driver will regularly interact with customers on-site, they will represent TR in a professional and positive manner, contributing to a high-quality customer experience. Building and maintaining constructive relationships with both internal and external customers is an important part of this role, ensuring reliability, trust, and service excellence across all interactions.

What we offer

- **25 days holiday + 8 bank holidays. The business does observe a Christmas shutdown period and a maximum of 4 days will be deducted from employees annual leave entitlement.**
- **On-site parking**
- **Life insurance *4 basic salary**
- **Pension**
- **Employee Assistance Programme**
